

**ROTARY FOUNDATION
CODE OF POLICIES**

January 2018

(Containing Trustee Decisions Through September 2017)

PREFACE

The Rotary Foundation Code of Policies

The purpose of the Code is to place all general and permanent policies of the Trustees of The Rotary Foundation that are currently in effect into an integrated and comprehensive volume with the topics arranged in logical order and with consistent language. The existence of such a code will make it easier for members of the Board of Trustees, and those charged with the responsibility to administer the policies, to be familiar with all general and permanent policies currently in force, regardless of the dates of their adoption.

ARRANGEMENT

Each chapter in the Code is intended to represent a separate subject, and each article is intended to represent a separate topic, as indicated by the titles. The chapters are numbered consecutively and are arranged in logical order for easy reference. A listing of the articles within the chapters is shown at the beginning of each chapter, and a listing of the sections within the articles is shown at the beginning of each article. If new articles become necessary between the issuance of revised editions of the Code, then such articles may be inserted in the appropriate location with an "A" following the number of the new article. For example, "Article 2A" may be added between Article 2 and Article 3.

NUMBERING

The Code utilizes the numbering system used in the Rotary Code of Policies and RI Bylaws, and the sections are numbered progressively with Arabic numerals. A progressive rather than consecutive system is used in order to provide space for the insertion of additional sections within the articles to accommodate new policies in the future. Generally, the sections are numbered progressively by tens. For example, in Article 5 the first three sections are numbered 5.010, 5.020, and 5.030. New sections, as necessary, may be inserted between existing sections without changing any of the current numbers. For example, a new section between 5.010 and 5.020 could be 5.015 or any other number between 5.010 and 5.020, which illustrates the flexibility in the general numbering system.

Each section number also carries the number of the article in which it is found. The article number and the section number are separated by a decimal point. When it is recognized that the number to the left of the decimal point is the article number, and the number to the right of the decimal point is the section number within that article, the system is easily comprehended and utilized. For example, Section 7.050 means Section 50 in Article 7.

ANNOTATIONS

Annotations for development of the various sections of the Code are shown at the end of the sections. Initially, all of the sections showed an adoption date of April 126, 2000, which is noted as “April 2000 Trustees Mtg., Dec. 126”. As the policies are amended, the sections will show the dates and decision numbers of the applicable amendments. For example, if a section is amended by Trustee Decision 50 in October 2000, the following notation will appear at the end of the amended section: “April 2000 Trustees Mtg., Dec. 126; Oct. 2000 Trustees Mtg., Dec. 50.”

The “Source” notes at the end of the sections also show the historical development of the policies prior to adoption of the Code.

INDEX

An index for the Code follows the last chapter. Index entries are arranged in alphabetical sequence and have been made as concise as possible to enable rapid scanning of the index.

AMENDMENTS AND NEW POLICIES

The Trustees will adopt new policies and amend existing policies in its regular course of business. In the case of amendments, the sections of the Code being amended will be referenced in the actions of the Trustees. In the case of new policies, the placement of the new policies in the Code will be referenced in the actions of the Trustees.

TERMINOLOGY

When used in this document, “RI” refers to Rotary International, “TRF” refers to The Rotary Foundation of Rotary International, “the Board” refers to the RI Board of Directors and “the Trustees” refers to The Rotary Foundation Board of Trustees.

1.060. Involvement of Spouses and Other Family Members of Rotarians in Foundation Programs

The Trustees have observed that

1. broad participation of the spouses and other family members of Rotarians in service projects and Foundation programs undertaken by clubs and districts significantly expands and enhances Rotary's program of service
2. similarly broad attendance and participation of spouses and other family members of Rotarians in Foundation training seminars, recognition ceremonies, and other events at the club, district, and international levels increases knowledge of Foundation activities and accomplishments and helps to achieve Rotary's objective of promoting world understanding and peace

Accordingly, to utilize more fully this potential for the enhancement of Foundation programs and Rotary service, the Trustees establish the following goals for participation in Foundation activities by the spouses and other family members of Rotarians:

1.080. "Affirmation of Continuity and Commitment" to the Mission of The Rotary Foundation

In 1997, the Trustees concurred with the Board in the adoption of the "Affirmation of Continuity and Commitment" to the goals and objectives of The Rotary Foundation. The following statement is their updated expression of the combined spirit of cooperation, continuity and commitment to the new Mission of The Rotary Foundation upon the global launch of the Future Vision Plan.

The Board and the Trustees reaffirm the significant relationship of Rotary International and The Rotary Foundation, an independent not-for-profit foundation, which operates as the Foundation of Rotary International. It is the desire of all directors and trustees working together under the leadership of the RI president, to achieve the Mission of The Rotary Foundation and to be responsive to Rotarians, Rotary clubs and districts in implementing their projects through The Rotary Foundation.

Specifically, the Board and the Trustees are committed to the eradication of polio; to fulfilling the humanitarian and educational needs within areas of focus in all areas of the world; and to expanding activities intended to strengthen peaceful relations among people.

To these ends, the Board and Trustees will continue positive efforts to encourage additional financial support through gifts to The Rotary Foundation to assure the current level of programs and to build the Foundation for the future.

Furthermore, the Board and Trustees, while acknowledging the value of projects throughout the world, appeal to the Rotary world to acknowledge the universality of The Rotary Foundation as our primary means to implement the international service objective of Rotary clubs and to promote the unity of Rotary International.

The Board and the Trustees join in this statement of common purpose to reaffirm the continuity of The Rotary Foundation of Rotary International. As we prepare for the future, we are totally convinced that Rotary International will move ahead with confidence. It is our belief that the achievements of the past are but a prologue for the future of Rotary International and its Foundation. (*October 2012 Trustees Mtg., Dec. 16*)

2.040. Conflict of Interest Policy for Trustees

The Trustees shall review the Conflicts of Interest policy annually at their first meeting of the year.

I. Statement of Policy

A. No member of the Board of Trustees of The Rotary Foundation shall use his or her position, or the knowledge gained therefrom, in such a manner that a conflict between the interest of The Rotary Foundation and his or her personal interest arises.

B. Each Trustee has a duty to place the interest of The Rotary Foundation foremost in any dealings with the organization and has a continuing responsibility to comply with the requirements of this policy.

C. The conduct of personal business between a member of the Trustees or of a committee and The Rotary Foundation is prohibited.

D. Loans or indirect extensions of credit by The Rotary Foundation to a member of the Trustees or of a committee are prohibited.

E. If a Trustee has an interest in a proposed transaction with The Rotary Foundation in the form of any personal financial interest in the transaction or in any organization involved in the transaction, or holds a position of trustee, director, or officer in any such organization, he or she must make full disclosure of such interest to the Trustee Chairman (or in the case of the Trustee Chairman, to the Vice Chairman) before any discussion or negotiation of such transaction. If a Trustee is aware that another

Trustee has an undisclosed potential conflict of interest in a proposed transaction with The Rotary Foundation he or she must inform the Chairman (or if the other Trustee is the Chairman, to the Vice Chairman) as soon as possible.

F. Any member of the Trustees or of a committee who is aware that he or she has a potential conflict of interest with respect to any matter coming before the Trustees or a committee shall not be present for any discussion of or vote in connection with the matter. The existence and nature of the potential conflict of interest shall be recorded in the minutes of the meeting.

G. A proposed transaction covered by this conflicts of interest policy shall include any proposed decision of the Trustees, including the proposed adoption or amendment of a policy, which, if adopted, would affect a financial interest of or would result in a financial gain or benefit for a Trustee, a member of the Trustee's family, or an organization in which the Trustee is a trustee, director, or officer. Nevertheless, all Trustees may be present for any discussion of and may vote in connection with any such matter if the proposed decision would affect a majority of the Trustees, such as a proposed decision to amend the policy for reimbursement of expenses.

H. Each member of the Trustees must disclose any family or business relationship that he or she has with another Trustee, Member of the Board of Directors of Rotary International, key employees or highest compensated independent contractors of The Rotary Foundation as those individuals or firms are identified annually by the general secretary.

II. Disclosure

To implement this policy, Trustees will submit annual reports on the attached form entitled "Potential Conflict of Interest Statement" and, if not previously disclosed, will make disclosure of all potential conflicts of interest prior to any relevant Trustee or committee action. These reports will be reviewed by the Executive Committee, which will attempt to resolve any actual or potential conflicts and, in the absence of resolution, refer the matter to the Board of Trustees. A potential conflict of interest will be deemed to exist upon an affirmative vote of a majority of the Trustees voting in the decision. The Trustee with the potential conflict of interest shall not be present for the vote. (*January 2010 Trustees Mtg., Dec. 58*)

2.050. Code of Ethics

1. Trustees will adhere to applicable laws and regulations in the conduct of Rotary business as well as in their personal lives. As a corporate business entity, The Rotary Foundation is subject to the laws of the various jurisdictions in which it conducts business. The Trustees should adhere to applicable law in order to protect the assets and mission of the Foundation. In addition, in conducting their private lives, Trustees should adhere to applicable law in order to preserve and protect the positive image of Rotary and The Rotary Foundation.

2. Trustees will adhere to the provisions of TRF's articles of incorporation and bylaws. Trustees have a legal obligation to follow the provisions of TRF's articles of incorporation and bylaws. Moreover, these documents embody the will and wisdom of past members of the Board of Trustees as well as that of the members of the Rotary International Board of Directors, who serve as the democratically elected representatives of RI's membership. Adherence to the terms of these documents garners the trust of the membership and assures that actions are taken consistent with Rotarians' expectations.
3. Trustees will adhere to the provisions of the policies established by the Trustees as documented in the *Rotary Foundation Code of Policies*. Over the years, the Trustees have established policies and procedures, documented in the *Rotary Foundation Code of Policies*, to further the aims of the Foundation as well as to protect its mission. Many of these provisions are designed to assure good governance and promote an ethical image. Adhering to these policies demonstrates a commitment to these ideals while protecting the Foundation.
4. Trustees will serve for the benefit of The Rotary Foundation and to serve its charitable and educational purposes, as well as its mission of supporting the efforts of RI in the fulfillment of the Object of Rotary, Rotary's mission and the achievement of world understanding and peace. Trustees will follow the requirements of the Trustee's Policy on Conflicts of Interest. Trustees have a duty of loyalty to The Rotary Foundation. They should put the interests of the Foundation first. The Trustees have adopted a Conflicts of Interest Policy that is designed to preclude even the appearance of any impropriety as to Trustee action. This assures continued confidence by Rotarians in their Foundation.
5. Trustees will not utilize their office for personal prestige and/or benefit. With the authority inherent in an office of importance comes access to special privileges not available to other Rotarians. Taking advantage of such privilege distracts from critical responsibilities and calls into question the commitment to the Objects of Rotary.
6. Trustees will exercise due care in the diligent performance of their obligations to the Foundation. By law, the Trustees have a duty of care to the Foundation. The Trustees should perform their responsibilities with such care, including reasonable inquiry, as ordinarily prudent persons in like positions would use under similar circumstances. Trustees should inform themselves, prior to making a business decision, of all material information reasonably available to them.
7. Trustees will take actions based on an essential fairness to all concerned. Trustees are often faced with decisions that will significantly impact various Rotarian groups and individuals. So as to maintain the confidence of Rotarians that the Trustees act fairly and in the best interests of the Foundation, Trustees, in a manner consistent with the 4-Way Test, should weigh the potential impact of their decisions and treat equally all persons who will be affected.
8. Trustees will promote transparency of important financial information. Trustees are the stewards of the Foundation acting on behalf of Rotary International, Rotary clubs and Rotarians. Rotarians have a right to access accurate information regarding the financial condition of the Foundation. Transparency in financial operations encourages ethical behavior.

9. Trustees will prohibit and restrict the disclosure, communication, and utilization of confidential and proprietary information. In fulfilling their responsibilities as members of the Board of Trustees, Trustees necessarily have access to confidential and proprietary information. As part of their duty of loyalty, Trustees should utilize this information only for intended purposes, never for personal ones, and take precautions against accidental disclosure.
10. Trustees will comply with expense reimbursement policies. The Board of Trustees has adopted a policy on the procedures for reimbursement of Foundation related expenditures. Following these procedures ensures compliance with applicable laws and precludes the appearance of impropriety.
11. Trustees will interact with RI and TRF staff in a professional and respectful manner and shall understand and abide by Rotary International's non-harassment policy. Trustees come into regular contact with RI and TRF staff. Maintaining a professional and harassment free work environment is essential for staff to successfully perform their responsibilities in providing service to the Foundation and to Rotarians. Moreover, harassment in the workplace can put the assets of the organization at risk. The General Secretary has developed a policy for prevention of harassment in the workplace. What constitutes acceptable interaction may vary among the different cultures represented on the Board of Trustees and in the Secretariat. The harassment policy provides guidance on what is proper interaction with staff. Trustees should be familiar with and adhere to the policy so as to avoid even unintentional improper interaction.
12. Trustees will adhere to this Code of Ethics, encourage other Trustees to do so as well and report any suspected or potential violations to the General Secretary or the Chairman. The efficacy of this Code of Ethics is dependent on compliance of the Trustees. By self-monitoring and encouraging other Trustees to comply with the Policy, the Trustees can assure that the goals of the Policy will be accomplished.

Implementation

The Code of Ethics shall be distributed to and reviewed with incoming trustees as part of their orientation session. It will also be provided to Trustees at least annually. Each Trustee will annually acknowledge that he or she has read the Code and understands and will comply with his or her responsibilities hereunder.

The Code of Ethics will be made available to all Rotarians upon request and will be published on RI's Web site. Additionally, the Code will be published in TRF's annual report, or alternatively, the annual report may refer readers to the version published on RI's Web site.

Interpretation and Enforcement

When made aware of a potential or alleged violation of the Code of Ethics, the General Secretary and the Chairman will provide available details to the Executive Committee. The Executive Committee will then obtain all relevant information and take such action as it deems appropriate, including providing counsel to the alleged violator and providing recommendations to the Board

of Trustees for corrective action. Only the Trustees may take disciplinary action against a trustee, consistent with the Rotary Foundation Bylaws and *The Rotary Foundation Code of Policies*. (April 2006 Trustees Mtg., Dec. 122)

2.060. Election of Officers

The annual election of officers for the following year shall be conducted at the annual meeting of the Trustees in October. The election of officers shall be conducted by written ballots. The election of the chairman-elect shall precede the election of the vice-chairman. Following the election of the chairman-elect, the current chairman-elect may nominate a Trustee to serve as vice-chairman. The election of each officer shall require a majority of votes cast. Article 3. Associate Foundations and Other Arrangements

3.010. Arrangements for Tax-Related Benefits of Contributions

3.020. Associate Foundations

3.030. Existing Associate Foundations

3.010. Arrangements for Tax-Related Benefits of Contributions

Preamble:

The Rotary Foundation believes that there should be one Rotary Foundation that serves Rotarians and clubs throughout the world, but understands that substantial benefits have been provided by those associate foundations recognized by the Trustees of TRF. This includes not only raising funds for the use of TRF programs, but also the provision of services in support of The Rotary Foundation's global programs. The Trustees acknowledge that it is to the clear advantage of Rotary International that it have only one Foundation to develop and maintain the best global programs and international investments, but that associate foundations significantly enhance the service by TRF to Rotarians and Rotary clubs.

The Foundation may explore arrangements (other than associate foundations, i.e., not involving the establishment of legal entities separate from the Foundation) with local government and taxing authorities to provide tax-related benefits for contributions to the Foundation. In considering such arrangements, the Trustees shall consider (1) whether there is an impediment to the transfer of funds from those countries to the Foundation and (2) whether there are restrictions imposed on the Trustees' authority or discretion in the expenditure of contributions from those countries. 4.010. General Guidelines

Rotary International and The Rotary Foundation develop partnerships with other organizations that will increase our capacity to provide service. There are four types of partnerships: Strategic, Resource, Service, and Project. All potential partnerships must at a minimum do one or more of the following:

- a) Align with the strategic plan
- b) Address one or more areas of focus
- c) Provide opportunities for positive public image
- d) Attract new members, contributions, or project volunteers

Given the extreme variety among potential partners, these guidelines are not exhaustive. All potential partners shall enter into an agreement with RI/TRF, and the nature of each agreement may be different.

While Rotary and/or The Rotary Foundation may, from time to time, partner with organizations whose mission states or implies a religious orientation, results of such partnerships must not promote any particular religious entity, activity, or viewpoint. All proposed partnerships with an organization whose mission states or implies a religious orientation will be carefully researched by staff (including financial considerations and accountability), reviewed by a Foundation Committee, and approved by the Trustees and the RI Board to ensure the proposed partnership is appropriate. Any such partnership is open to review and possible termination if analysis determines the collaboration to no longer be appropriate.

The Joint Committee on Partnerships, or in its absence the general secretary shall provide an annual report on all partnerships to the Board and the Trustees at their second meetings each year. (*October 2015 Trustees Mtg., Dec. 30*)

4.010.1. Criteria for Evaluation

Reviews of partnership proposals should consider the following:

- a) Mission, scope, geographic presence and status of potential partner, including compatibility with RI's diverse membership structure
- b) The number of countries or regions the potential partner serves
- c) Reputation of the potential partner in the Rotarian community and community at large
- d) Success and financial health of the potential partner
- e) Willingness of potential partner to make full and continuing financial and operational disclosures
- f) The financial impact of the relationship on RI and TRF, including administrative costs
- g) The potential of relationship to enhance RI's public image and recognition
- h) The effect of the relationship on club or district projects
- i) The effect of the relationship on RI/TRF programs
- j) Level of participation offered by the potential strategic partner to clubs and districts and the number of Rotarians likely to participate
- k) Disclosed conflicts of interest
- l) Planned recognition for RI/TRF from the potential partner

RI/TRF shall not enter into partnerships with other organizations that:

- a) Conflict with Rotary's values
- b) Support the use of addictive or harmful products and activities
- c) Promote a particular political or religious viewpoint through the partnership's activities and results
- d) Discriminate based on race, ethnicity, age, gender, language, religion, political opinion, sexual orientation, national or social origin, property, or birth or other status (See Rotary Code section 4.010.1. for Rotary's Statement on Diversity.) (*June 2014 Trustees Mtg., Dec. 132*)

4.010.2. Benefits Provided to Other Organizations

All partners are eligible for one or more of the following services on a graduated basis, with specific benefits defined in each agreement:

- a) Promotion on the RI website and in the Rotary World Magazine Press
- b) Information about the organization shared with Rotarians
- c) Invitation to apply for booth space at the RI convention
- d) Invitation to attend or participate in the RI convention, based on established registration fees and guidelines
- e) A license to use one or more of the Rotary Marks, consistent with section 33.030.15. of the Rotary Code of Policies and/or the terms of partner's license agreement with RI/TRF

RI/TRF will not provide partners with any of the following:

- a) Membership or donor data
- b) Support for fundraising initiatives of other organizations
- c) An endorsement of the other organization or its programs
- d) Guarantees or commitments on behalf of Rotary clubs or districts to participate or support the other organization or its programs (*September 2011 Trustees Mtg., Dec. 53*)

4.010.3. Contact with Other Organizations

No officer of Rotary International or The Rotary Foundation shall enter into any agreement on behalf of the organization unless approved by the appropriate authority and any non-approved agreement shall be null and void. The general secretary may assign responsibility for officers, staff, and other individuals to open discussions with other organizations.

The general secretary maintains a “no contact list” of individuals, foundations, corporations, governments and other entities with which Rotary International or its Foundation is working to develop relationships and obtain funding at an international level. No representative of any Rotary Entity other than Rotary International or its Foundation shall contact or solicit any organizations on the “no contact list” for the purpose of obtaining funds or cooperation for their projects. Written requests for exceptions to this policy must be submitted to the general secretary, who will consult with the RI president and Trustee chair as appropriate, before responding to the requestor.

This should not be construed as prohibiting clubs, districts and multidistrict groups from developing partnerships with local organizations. (*September 2011 Trustees Mtg., Dec. 53*)

partnerships with other organizations as set forth in sections 35.010. through 35.050. of the Rotary Code of Policies and sections 4.010. through 4.100. of The Rotary Foundation Code of Policies shall be effective only upon approval by both the Board of Directors of Rotary International and the Trustees of The Rotary Foundation. 4.100. Public Relations Guidelines for a Pro Bono Relationship with Corporate Entities

The Board has set forth the following public relations guidelines to effectively manage a pro bono relationship with a corporate entity to safeguard the integrity and reputation of RI/TRF, while allowing public relations opportunities for all parties to the agreement.

Definition of Pro Bono Public Relations Relationship

Pro bono relationships do not involve compensation. Predetermined “out-of-pocket” costs are agreed to in advance of securing pro bono assistance. A pro bono public relations relationship involves a private communications agency supplying promotional work without compensation. In turn, RI/TRF agrees to publicize the pro bono relationship as appropriate in RI/TRF’s sole discretion.

Establishment of Relationship

When an appropriate corporate entity that may provide pro bono public relations services to RI has been identified, such entity shall be referred to the general secretary for immediate review to ensure that RI/TRF’s credibility remain intact, and that current Rotary publicity initiatives will be enhanced. The review will include, but not be limited to, the following elements:

- 1) Shared mission/interest: A review of the corporation’s policies and positions on issues relevant to RI/TRF will be assessed to ensure that no conflict of interest exists with the Object of Rotary.
- 2) Background search: An extensive news search of the corporation and back review of annual reports will be researched to study current and past media placements.

Upon completion of the satisfactory review, the general secretary will negotiate a pro bono agreement with the corporate entity. Terms of the agreement will include, but not be limited to, the following:

- 1) Message development: Standing key messages exist within RI/TRF. Altering or adapting these messages must gain approval by the general secretary to deter the release of misinformation to the general public and RI membership.
- 2) RI Spokespeople: The general secretary in consultation with the RI president and/or Trustee chair, will designate appropriate RI/TRF spokespeople for all events and interviews, a RI/TRF spokesperson must be incorporated into all media interviews, either live or by telephone. RI will approve all media interviews related to the pro bono relationship.
- 3) Editorial Review: RI/TRF staff retains full editorial review of all material released by the corporate entity. This activity will ensure the release of factual information to the media, general public and membership audiences of the corporate entity and RI/TRF. These Guidelines do not authorize corporate entity to reproduce any of the ROTARY Marks for any purpose without the prior written, express consent of RI/TRF except as expressly set forth herein.
- 4) Media placement: All press releases, media advisories and media placements must be reviewed by RI to ensure accuracy and proper RI/TRF mention and copies of the media placements provided to RI.
- 5) Placement in RI/TRF publications: Efforts will be made to ensure proper recognition of the pro bono services donated by the corporate entity in Rotary publications including but not limited to: *The Rotarian*, *Rotary Leader*, and the RI website.
- 6) Photo credit/video credit: All material provided by RI/TRF must be credited to Rotary International and include appropriate copyright information, if owned by RI. Appropriate copyright notice would be : "© 2000 Rotary International."
- 7) RI/TRF name and logo requirements: "ROTARY," "ROTARY INTERNATIONAL," "ROTARY INTERNATIONAL and Design" (the Rotary emblem), "THE ROTARY FOUNDATION," "THE ROTARY FOUNDATION OF ROTARY INTERNATIONAL and Design" (the Rotary Foundation Logo), "TRF," among numerous other marks (collectively referred to as the "ROTARY Marks"), are the intellectual property of RI and/or TRF. Usage of the RI/TRF name and logos will adhere to guidelines concerning reproduction of the ROTARY Marks or guidelines concerning use of the ROTARY Marks by other organizations as amended from time to time and/or any other relevant policies, guidelines, and/or decisions governing use of the ROTARY Marks, circularization, solicitation, and/or sponsorship, as promulgated by the RI Board of Directors.

Once final, the agreement will be submitted for appropriate review consistent with the RI contract review policy.

Maintenance

The general secretary, through the Public Relations Group, will provide continued monitoring of the pro bono public relations services to ensure that all elements of the approved contract are maintained to RI's satisfaction. Adjustments to or additions to key messages and media placement activities will need prior approval from the general secretary. The general secretary will update the Board of Directors on a quarterly basis on the results of the agreement.

RI/TRF retains the right to terminate the agreement at any time. (*January 2012 Trustees Mtg., Dec. 73*)

4.110. Strategic Partnerships Model

A strategic partnership is a formal relationship between TRF and another organization, such as a nongovernmental organization, corporation, or university, to facilitate Rotarian service projects through packaged grants.

This section provides specific concepts and characteristics about the strategic partnership model.

The Strategic Partnerships Model is focused on the strategies and vision of The Rotary Foundation, to be fully implemented in 2013-14.

The Strategic Partnerships Model has the following characteristics:

- a. relates specifically with TRF's areas of focus
- b. applies to Rotary Foundation Packaged Global Grants
- c. developed with or solicited from non-governmental organizations and other experts for each area of focus
- d. provides financial resources, technical expertise/resources, advocacy, or a combination thereof
- e. funding alternatives for Strategic Partnerships include:
 - i. Strategic Partner provides funding directly to The Rotary Foundation
 - ii. both The Rotary Foundation and the strategic partner provide funding through a parallel funding model whereby both entities participate in the project
 - iii. The Rotary Foundation directly funds the strategic partner that aligns with TRF's areas of focus

The Strategic Partnerships Model should conform with the partnerships policy jointly adopted by RI and TRF. (*October 2012 Trustees Mtg., Dec. 16*)

4.120. Guidelines for Sponsorship of RI Meetings, Events, Projects and Programs

The Board, acknowledging that RI meetings, events, projects and programs are supported in part through sponsorships by business entities and governmental agencies, has adopted the following terms for acceptance of sponsorship of RI meetings, events, projects and programs:

1. Sponsorships are relationships with other organizations which benefit RI, TRF, and Rotary projects(s) and Rotary program(s), in image-enhancing, promotional, monetary or other ways. Club and district events, such as conferences, PETS, etc., should be permitted to accept sponsorships; however, the Council on Legislation is not an acceptable sponsorship venue. Each sponsorship relationship should terminate either within a defined period of time or with the completion of the sponsored event. It is important to maintain the appropriate level of decorum at any Rotary event.

2. RI will not accept a sponsorship that:

- a. Conflicts with Rotary's ethical and humanitarian values
- b. Supports the use of addictive or harmful products and activities
- c. Promotes a particular political or religious viewpoint through the partnership's activities and results
- d. Discriminates based on race, ethnicity, color age, gender, language, religion, political opinion, sexual orientation, national or social origin, property, or birth or other status (See Rotary Code section 4.010.1. for Rotary's Statement on Diversity.)
- e. Weakens the autonomy, independence, reputation, or financial integrity of Rotary International, The Rotary Foundation, or the specific Rotary club, district or other Rotary Entity

3. Cultural and legal variances in business practices among nations should be identified and honored whenever possible in matters of RI meeting, event, project and program sponsorship. In realization that business practices are not universal, ethical guidelines appropriate to a given culture should be developed, published, and applied by those responsible for the solicitation and/or acceptance of RI meetings, events, projects or programs-related sponsorship.

4. Any sponsorship must comply with relevant laws.

5. Any sponsorship revenue or donations-in-kind (the value thereof, see paragraph 7, below) received will be subject to the terms of any agreement between RI and any local organizing entity.

6. Sponsorships that would appear in revenue projections for RI meetings, events, projects or programs of necessity shall be guaranteed in writing by the intended sponsor. Moreover, such written intent shall clearly state what, if anything, the sponsor expects in return for its assistance.

7. Donations-in-kind shall be considered as sponsorship to the extent of their lowest reasonable fair market financial value.

8. Recognition for sponsorships shall occur--primarily during the actual meeting, event, project or program--in the form of published attribution and acknowledgment of thanks, verbal expression of gratitude, signage anywhere within meeting facilities, and to the extent that the planning committee for that meeting, event, project or program finds acceptable. In no instance, shall a sponsor name be included in the name, title or logo of any meeting, event, project or program. Sponsors of specific events or projects of Rotary may be identified in the following manner “[Rotary event or project name] presented by [sponsor’s name]”.

9. All sponsorship proposals, whether obtained by RI or by a local organizing entity, shall require the approval of the general secretary in consultation with the president. Such approval shall include but not be limited to the following aspects of each sponsorship proposal:

- a) appropriateness of the sponsor;
- b) nature of the sponsorship plan;
- c) extent of the sponsorship relationship;
- d) share of the sponsorship revenue between RI and any local organizing entity;
- e) nature of the sponsorship recognition.

10. “Official Sponsorship Designations”: The general secretary will review applications and bids for companies that will be designated “official.” For example, an “official” air carrier, and where appropriate, an “official” rental car company and other services, may receive a similar designation. Competitive firms are sought for the designations, and proposals are obtained and analyzed by the general secretary. For the air carrier, the general secretary considers not only the fare proposed but also the capacity of the carrier, the complimentary tickets and freight offered to RI.

The selection of “official” service firms should be recommended by the general secretary’s staff assigned to convention activities and approved by the general secretary and the president who will preside over the convention. Transparency in the bid process is important.

11. “Exclusive Sponsorship Categories”: Unless permission from RI is sought and obtained in advance of any solicitation on the part of a local organizing entity, RI reserves exclusive rights to solicit and accept sponsorships with airline companies and banking/financial institutions, due to RI’s long term agreements and relationships with such entities.

12. First aid/medical sponsorships: The specifics and details involved with a medical/first aid sponsor must be approved by the general secretary, in consultation with the president, at least three months before the meeting, event, project, or program to ensure that the sponsoring organization can comply with RI’s contractual requirements, including but not limited to insurance and

indemnification requirements. First aid/medical sponsors sent to the general secretary later than three months before the meeting, event, project, or program will not be considered.

13. Internet sponsorships: The specifics and details involved with an internet sponsor must be approved by the general secretary, in consultation with the president, at least three months before the meeting, event, project, or program to ensure that the sponsoring organization can provide the internet services RI requires at its events and also comply with RI's contractual requirements, including but not limited to insurance and indemnification requirements. Internet sponsors sent to the general secretary later than three months before the meeting, event, project or program will not be considered.

14. Each RI sponsorship relationship should terminate either within a defined period of time or with the completion of the sponsored meeting, event, project or program.

15. Except by Board authorization, individual member data must not be used for sponsorship purposes and must stay within the control of RI. However, any determination to allow access to individual member data must respect the individual rights of Rotarians, including relevant legal restrictions. All sponsorships must follow RI's Privacy Statement (Rotary Code section 26.130.)

16. All uses of the Rotary Marks for the sponsorship purposes contemplated herein must be governed by the "RI and TRF Guidelines for Use of the Rotary Marks by Sponsors and Cooperating Organizations" (Rotary Code Section 33.030.14.). A copy of these Guidelines must be attached to and incorporated in any contract entered into between RI or any local organizing entity and any Sponsor. (*June 2014 Trustees Mtg., Dec. 142*)

4.130. Joint Committee on Partnerships

The Joint Committee on Partnerships shall comprise seven to nine members, including one trustee, one director, two past or current trustees or directors, and five individuals who have not served as either trustee or director. The current and past directors and trustees will be appointed for one-year terms and the five other members will be appointed for three-year, staggered terms.

Appointment of all members, including the chair, and the vice chair of the committee, will be made jointly by the trustee chair and the RI president for the year in which the committee will function. Members may be reappointed.

5.070. Regional Rotary Foundation Seminars

All regional Rotary Foundation coordinators are encouraged to refer to the guidelines established by the Trustees when developing the agenda for a seminar. These guidelines are as follows:

Regional Rotary Foundation Seminars are an opportunity to provide relevant information to current and incoming district leadership and the Foundation team through training and interactive discussion. The purpose of the Regional Rotary Foundation Seminar is to provide participants with the tools necessary to reach every Rotarian with the message of the Foundation by providing relevant information on the programs of The Rotary Foundation and ways to financially support the Foundation.

While it is recognized that the specific content and training methodologies used in Regional Rotary Foundation Seminars will vary from area to area, all regional seminars should be

1. *Motivational:* motivate Rotarian leaders to support and participate in Foundation programs and the financial support of the Foundation
2. *Educational:* outline basic Foundation programs and policies and offer updates on Foundation program/policy changes
3. *Relevant:* for all participants

Recognizing that the purpose of Regional Rotary Foundation Seminars is best served when attended by current and incoming district governors as well as current and incoming district Foundation chairs, officers and appointees, it is suggested that all regional Foundation seminars include group discussion sessions focusing on the roles and responsibilities of each district officer.

Regional Rotary Foundation Seminars could be held in conjunction with Rotary Institutes or separately from them depending upon the geographic distances, logistics and convenience of target attendees. Such seminars should be attended by current governors and current and incoming district Foundation chairs/officers/appointees.

When the Regional Rotary Foundation Seminar is held in conjunction with a Rotary Institute, the seminar must be a distinct event before or after the Institute planned in cooperation with the Institute convener and must be focused on attendance and participation of current and incoming district governors and current and incoming district Foundation chairs/officers/appointees. The Trustees will promptly investigate any irregularities coming to their attention and take whatever action may be appropriate.

The recipient of a grant or award, the grant's sponsor in application, the project committee, the selection committee, and all others associated with the grant or award are expected to

1. Treat Rotary Foundation grant funds as a sacred trust to be constantly safeguarded from loss, misuse, or diversion and to be used only for the stated purpose that shall be strictly interpreted

2. Exercise the highest attention to the prevention of even the appearance that Rotary Foundation funds are being used in an improper manner, whether such appearance may be in the eyes of Rotarians or the general public. Such attention is expected to go beyond that afforded to the use of private or corporate funds
3. Assure competent and thorough oversight of the project with clear delineation of responsibility
4. Conduct all financial transactions and project activity relating to the grant at least at the level of standard business practice and always in consonance with the "Declaration of Rotarians in Business and Professions" and in the full spirit of the Four Way Test
5. Report immediately any irregularity in grant-related activity to The Rotary Foundation
6. Implement projects as approved by the Trustees in their grant award. Any deviation from the agreed terms or changes in the implementation of the project must receive prior written authorization from The Rotary Foundation
7. Arrange for performance reviews and/or independent financial assessments in accordance with current Trustee policy and guidelines
8. Report on both program and financial activities on a timely and detailed basis
9. Be held accountable for appropriately addressing all concerns regarding project implementation for which notification has been sent

Prior to any program review, the general secretary shall consult with the Trustees regarding the content and structure of the review, including consultation on survey forms prior to their distribution.

Whenever a pilot program of The Rotary Foundation is reviewed, the decision should clearly indicate whether the program is to be

- a) terminated
- b) continued as a pilot program with or without any changes for an established period of time, or
- c) adopted as a program.

Whenever a program of The Rotary Foundation is reviewed, the decision should clearly indicate whether the program is to be continued or terminated.

10.030. Conflict of Interest Policy for Program Participants

All individuals involved in a program grant and/or award shall conduct their activities in a way that avoids any actual or perceived conflict of interest. A conflict of interest is a relationship among individuals through which an individual involved in a program grant or award causes benefit, or could be perceived to cause benefit, for such individual or such individual's family, personal acquaintances, business colleagues, business interests, or an organization in which such individual is a trustee, director, or officer. This conflict of interest policy shall be applied in the following circumstances as specifically set forth below. The application of this conflict of interest policy shall not be limited to these circumstances.

1. Award Recipient Eligibility

Pursuant to section 9.3 of the TRF bylaws, those individuals defined below shall not be candidates or final award recipients or beneficiaries of any TRF program. Such individuals shall include current Rotarians; employees of clubs, districts, and other Rotary Entities (as defined in the *Rotary Code of Policies*) or of Rotary International; spouses, lineal descendants (children or grandchildren by blood, legal adoption, or marriage without adoption), spouses of lineal descendants or ancestors (parents or grandparents by blood) of persons in the foregoing categories; and employees of agencies, organizations, or institutions partnering with TRF or RI.

Former Rotarians shall continue to be ineligible for a period of 36 months after termination of their membership. Persons who were ineligible based on their familial relationship to a former Rotarian shall continue to be ineligible for a period of 36 months after termination of their family member's membership.

Notwithstanding the foregoing, such individuals shall be eligible to participate on vocational training teams and in individual travel for humanitarian projects (when such individuals are determined to be qualified) funded by district grants, global grants, and packaged grants as long as they are providing a benefit to others.

2. Impartiality of Selection Committees

Rotarians who serve on a club or district-level selection committee for a TRF program are expected to exercise complete transparency in their familiar, personal, or business relationship with an applicant and must notify the committee chair in advance of the selection process of any actual or perceived conflict of interest due to the committee member's association with a TRF program award candidate, e.g. employees of the same firm or organization, members of the same Rotary club or member of the same club sponsoring an application, familial relationship, etc.

The selection committee chair will decide how and if that committee member should participate in the selection process for that one or all candidates with whom there is an actual or perceived conflict of interest. If the selection committee chair is the individual with an actual or perceived conflict of interest, the club board or the DRFC chair, as appropriate, will decide how and if such chair should participate in the selection process for that one or all candidates with whom there is an actual or perceived conflict of interest.

3. Business Transactions with Vendors

Before TRF, a Rotary district, a Rotary club, or a Rotarian conducts business transactions related to a TRF program award in which the vendor receives payment from a Rotary Entity, a fair, open and thorough request for proposals or bidding process must be conducted to ensure that the best services are secured at a reasonable cost, despite any connection between a vendor and a Rotary Entity. Possible conflicts of interest may arise when a Rotary Entity is considering business in which funds will be paid to a Rotarian; a goods and/or services provider owned or managed by a Rotarian, Honorary Rotarian, employee of a club, district, or other Rotary Entity or of Rotary International, Rotarian's spouse, lineal descendants (child or grandchild by blood, legal adoption, or marriage without adoption), spouses of lineal descendants, and ancestors (parent or grandparent by blood), or employees of agencies, organizations, or institutions partnering with TRF.

Examples of business relationships that may require further review to confirm that a Rotarian conflict of interest does not exist include business transactions with a partner nongovernmental organization, goods or services provider, insurance company, travel agency, shipping agency, study institution, language skills testing firm, etc.

Business transactions with individuals or entities with whom there is an actual or perceived conflict of interest can be completed upon approval of the general secretary if such transaction provides the best product or service at fair market value, as evidenced by a sales quote or offer obtained through a fair, open and thorough request for proposals or bidding process.

The general secretary shall provide advise on how to interpret and implement this conflict of interest policy. Any unresolved conflict of interest involving a program grant or award must be reported by a Rotarian or Rotary entity involved to the general secretary at least 30 days in advance of the selection process or proposed business transaction. The general secretary will decide if a conflict of interest may exist for a particular case. If, upon review of the situation, the general secretary concludes that there is or has been a conflict of interest in the execution of a TRF program grant or award, the general secretary shall fashion an appropriate remedy. Such remedy may include the cancellation of current or suspension of future TRF program grants or awards involving a particular Rotary, Rotary club or Rotary district. 10.050. Sexual Abuse and Harassment Prevention Guidelines

All Rotarians, clubs, and districts are required to follow the statement of conduct for working with youth guidelines established by Rotary International, and the following guidelines adopted by The Rotary Foundation Trustees:

1. TRF has a zero-tolerance policy against sexual abuse and harassment.
2. An independent and thorough investigation must be made into any claims of sexual abuse or harassment.
3. Any person involved in a TRF program against whom an allegation of sexual abuse or harassment is made must be removed from all contact with TRF program participants until the matter is resolved.
4. Any allegation of abuse must be immediately reported to the appropriate law enforcement agency, in accordance with TRF's zero-tolerance policy.
5. The *Rotary Code of Policies* provides guidelines pertaining to Rotary clubs and their members who are found to be involved with sexual harassment. A non-Rotarian who admits to, is convicted of, or is otherwise found to have engaged in sexual abuse or harassment must be prohibited from working with TRF program participants in a Rotary context.
6. If an investigation into a claim of sexual abuse or harassment is inconclusive, then, for the safety of TRF program participants and the protection of the accused, additional safeguards must be put in place to assure the protection of any TRF program participants with whom the individual may have future contact. If there are subsequent claims of sexual abuse or harassment, the person shall be permanently prohibited from working with TRF program participants in a Rotary context. Regardless of criminal or civil guilt, the continued presence of the person could be detrimental to the reputation of the organization and could be harmful to TRF program participants. It can also benefit the person in preventing additional accusations from other TRF program participants. A person who is accused but later cleared of charges may apply to be reinstated to participate in TRF programs. Reinstatement is not a right, and no guarantee is made that he or she will be reinstated to his or her former position.
7. The general secretary shall take steps to ensure a Rotary district's compliance with these guidelines should it be determined that a district is not adhering to them. (*April 2005 Trustees Mtg., Dec. 118*)

5. All recipients must agree to use the funds in accordance with the Foundation's policies regarding the stewardship of grant funds and must provide annual reports on the progress of their projects and provide final reports within two months of the project's completion.
6. Report on activities related to the use of Special Initiative funds will be provided at each Trustees meeting as a part of information provided with "Decisions Taken on Behalf of the Trustees." (*January 2002 Trustees Mtg., Dec. 78*)

Staff, officers or members of a cooperating organization involved in the project are not eligible to receive grant funding for travel expenses. In special circumstances where these individuals have specific skills or qualifications necessary to implement the project, consideration will be given to permit funding their travel.  - f) renovations to complete buildings that are partially constructed (including buildings with only the exterior completed) but have never been occupied or operational
 - g) cash donations or stipends to beneficiaries outside of a revolving loan fund. The Rotary Foundation will support beneficiaries through the use of goods, education, services, and care

11.040.6.1. Global Grant Term Gift Naming Opportunities

Naming opportunities are available to those who wish to support global grant activities through a term gift. This is generally a one-time gift, used in its entirety for its intended purpose and carries the name of the donor or loved one. Each term gift will be individually tracked and reported on to the donor.

Term global grants will provide support to humanitarian projects, scholarships, and vocational training teams in one of Rotary's areas of focus:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development

Options vary depending on the size of the gift:

\$15,000+

Funds one or more global grant with an area of focus option specified by the donor. A geographic preference for the grant, such as Africa, Asia, or Latin America, will be considered. Donors will receive a letter when the term gift is used with general information regarding the grant.

\$30,000+

Funds one or more global grant with an area of focus option specified by the donor. Donors may specify the area of focus and a district to develop the grant, as well as the project or activity type: humanitarian project, scholarship, or vocational training team. A geographic preference for the grant, such as Africa, Asia, or Latin America, will be considered. Donors will receive a report when the term gift is used with specific information on the grant funded by the gift.

\$150,000+

Funds one or more global grant as described above. Additionally, donors may specify up to two areas of focus and the option to support any current special initiatives of the Foundation; for example the WASH in Schools (WinS) initiative. Donors will receive a personalized report when the term gift is used, including general information on the grant, how much additional funds were leveraged and pictures when available.

Term global grants are typically supplemented with other Rotary funding which leverages and maximizes each gift. Combined term and endowed gift opportunities are available. (*September 2016 Trustees Mtg., Dec. 14*)

3. Evaluation of Secretariat Support Requirements for Areas of Focus

Every nine years, the Trustees shall evaluate the areas of focus. One year before this evaluation, the general secretary will perform an internal efficiency evaluation to assess the areas of focus that the Secretariat currently supports and determine whether each area of focus can reasonably support the administrative, financial, and technical needs of different areas of focus.

4. Termination of an Area of Focus

Upon completion of the above evaluation, the Trustees, in consultation with the general secretary, may decide to terminate an area of focus when at least one of the following has been shown:

A review of proposed areas of focus shall be conducted by the general secretary, in consultation with the Foundation's Programs Committee, before they are considered by the Trustees. The RI Board must approve any proposed changes to the areas of focus.

The proposed area of focus shall not:

11.080. The Rotary Foundation and Sustainability

The Rotary Foundation defines sustainability as the capacity for maintaining long-term outcomes that continue to serve the ongoing needs of a community after grant funds have been expended. To meet this requirement, global grants projects should address:

Community Needs – The host community and host club or district should develop projects based on the host community's assessment of community needs and strengths.

Materials and Technology – All project materials should be appropriate for the community and, ideally, purchased locally to the extent feasible.

Funding – Communities should be able to sustain the project without ongoing financial support from The Rotary Foundation or other Rotary sources.

Knowledge – Projects should include instructional efforts that teach beneficiaries how to address their ongoing needs after the completion of the project.

Motivation – Communities should assume project ownership upon project completion.

Monitoring and Evaluation – Projects should include a measurement plan that confirms significant improvement, ideally for three or more years. (*October 2012 Trustees Mtg., Dec. 16*)

11.090. Qualification

11.090.1. Objective

In furtherance of the stewardship policies adopted by the Trustees, qualification is the process of ensuring that districts and their member clubs have the appropriate legal, financial, and stewardship controls in place to effectively participate in district grants and global grants and packaged grants. The qualification process prepares districts and their member clubs to administer a program that includes effective and careful oversight of grant funds and helps to ensure the quality and consistency of compliance with stewardship requirements. Districts must agree to implement the financial and stewardship requirements in the district qualification memorandum of understanding (MOU) to be qualified. Clubs must agree to implement the financial and stewardship requirements in the club qualification MOU and must have at least one club member participate in their district's grant management seminar each year to be qualified. Districts participating in Rotary Foundation grants must be qualified to receive grant funds. Clubs participating in global grants and packaged grants must be qualified to receive grant funds. 11.100. Evaluation Plan for Foundation Grants Program

Evaluation and measurement are critical elements of the Foundation grants program. The Trustees have requested the general secretary to include Foundation grants program monitoring in each October and April Trustees meeting agenda through review and evaluation of performance measures.

The general secretary is responsible for creating and implementing the evaluation plan for the Foundation grants program. Evaluation will serve three main purposes: determining how well the Foundation grants program priorities and goals are achieved; determining a business model that will drive technology acquisition; and determining how TRF is performing over time to identify and implement improvements. 12.010. Commitment to Global Polio Eradication

As endorsed by Councils on Legislation, the global eradication of polio is, and must remain, the premier goal of Rotary International and its Foundation until the world is certified as polio-free.

The Trustees believe that it is premature, and to the detriment of polio eradication, to adopt any future global goal before certification. The potential distraction of Rotarians, the undercutting of advocacy efforts, and the diminishment of Rotary's eradication efforts could be the consequence of any such adoption. 12.020. General Policies

Rotary, in partnership with other world organizations, is committed to the certification of the eradication of polio. Therefore, all grants from PolioPlus funds must make a significant and widely recognized contribution to the certified eradication of polio.

Expenditures for the immunization of children in polio endemic and high-risk countries are the primary focus for PolioPlus funding.

The Rotary Foundation should take all steps, both directly and through those organizations with which it is cooperating to assure that the status and reputation of Rotary is fully recognized as a world leader in the eradication of polio, and that appropriate recognition is given for Rotarians' personal involvement and financial support, as a means to motivate and encourage additional humanitarian service by Rotarians and Rotary clubs.

Polio immunization requires expenditures of PolioPlus funds for supporting activities, including, but not limited to:

- Advocacy
- Research
- Social mobilization
- Operational support
- Management/technical assistance

- Surveillance
- Transition to routine immunization

Notwithstanding the restrictions of section 10.040., PolioPlus expenditures may also be incurred for general administration, program operations, and global consultation and cooperation with partners in Rotary’s eradication efforts.

PolioPlus funds will not be spent for non-polio vaccines or polio rehabilitation. However, such activities may be considered for funding or implementation under other humanitarian programs of The Rotary Foundation or Rotary International.

The International PolioPlus Committee and the general secretary shall ensure that the Trustees of The Rotary Foundation and the Directors of Rotary International are kept informed, at least annually, of the progress in the eradication of polio, and the status of the remaining PolioPlus funds. 12.030. Advocacy

“Advocacy” for PolioPlus describes those activities by Rotarians which communicate to leaders at global, national and local levels the benefits of the eradication of polio, so that the financial, technical and other resources required to reach this goal will be committed on a timely basis. Through advocacy, Rotarians seek to

- Inform potential funding sources of the urgent necessity to make special contributions to the unmet needs of the global polio eradication initiative, and encourage their financial support of the initiative
- Urge leaders in polio endemic and high risk countries to continue polio eradication as a high priority in accordance with World Health Organization (WHO) strategies
- Urge leaders in all countries to maintain the highest possible level of routine immunization in accordance with World Health Organization (WHO) guidelines
- Inform the general public about the benefits of polio eradication so as to obtain their support for this goal and for all programs which combat vaccine-preventable diseases. (*June 2015 Trustees Mtg., Dec. 146*)

Certification will be accomplished working with Rotary's spearheading and core partners. The spearheading partners are: Rotary International (RI), World Health Organization (WHO), the US Centers for Disease Control and Prevention (CDC), and the United Nations Children's Fund (UNICEF). The core partner is the Bill & Melinda Gates Foundation.

In addition, Rotary is engaged in the US Coalition to Eradicate Polio. The coalition is led by The Rotary Foundation and includes the Task Force for Global Health, the US Fund for UNICEF, the American Academy of Pediatrics, and the March of Dimes. (*June 2015 Trustees Mtg., Dec. 146*)

The Rotary Foundation representatives attending such international meetings shall:

- 1) support efforts to achieve the certification of a polio-free world
- 2) oppose any actions which would retard the goal of eradicating polio and achieving certification
- 3) obtain information on technical, operational, and other developments which would impact the polio eradication goal, positively or negatively

The Trustees have approved the Rotary Peace Centers as a program of The Rotary Foundation. The Rotary Peace Centers should be marketed as a major educational priority of RI in achieving The Foundation's mission for world understanding and peace. The Rotary Foundation will make an in-depth review of the program on three year intervals and make evaluations of the program at each university every three years, or at any time there may be concerns with the performance of a specific Rotary Peace Center partner university, and submit a report to the Trustees at their next meeting following such evaluation. The Rotary Peace Centers shall be governed by the policies set forth in this article; the criteria relating to district grants, global grants, and packaged grants shall not apply. 13.010.1. Core Concept

- a) Six Rotary Peace Centers will exist at seven recognized universities, in diverse geographical locations, with superior curricula and faculty in world affairs, conflict resolution and international studies.
- b) The individuals selected to study at Rotary Peace Centers will be known as Rotary Peace Fellows.
- c) Up to 100 Rotary Peace Fellows will be endorsed by clubs and districts, selected by The Rotary Foundation of Rotary International, and proposed to study at one of the six Rotary Peace Centers. Up to 50 Fellows will be chosen for the master's degree program and up to 50 Fellows will be chosen for two three-month certificate sessions each year. The number of fellowships awarded each year shall be subject to annual review by the Trustees at their October/ November meeting.
- d) Candidates for the Rotary Peace Fellowships must have the requisite training, academic background and significant work experience in relevant fields as required by the university partners for a masters level program or for the certificate program, so that the candidates selected will have the ability to make the greatest impact on world peace and conflict resolution during their future careers.

- e) Rotary Peace Fellows will study for up to two academic years in master's degree programs related to peace and conflict resolution at five Rotary Peace Centers, and for three months in a short-term peace studies option at the Rotary Peace Center at Chulalongkorn University.
- f) Included in the study period, Rotary Peace Fellows will participate in an annual seminar to review papers and discuss issues related to peace, goodwill and world understanding for report to the Rotary world and the international media. (*January 2015 Trustees Mtg., Dec. 67*)

13.020. Funding

Funding for the up to 100 fellowships each year will be sought from districts through district designated funds. This DDF allocation is not associated specifically with fellows selected by their districts. Districts will support the Rotary Peace Centers program by providing district designated funds to fund the up to 100 fellows selected on a world-wide competitive basis. Additional funding will come from designated gifts and the World Fund. (*January 2015 Trustees Mtg., Dec. 67*)

13.020.1. Restricted Gifts

The Trustees have established a pooled fund within the Endowment Fund for gifts of less than US\$25,000 to be restricted to the Rotary Peace Centers.

The Rotary Foundation may accept outright major gift contributions of US\$10,000 or more from individuals, clubs, or districts to provide funding to support Rotary Peace Fellowships. Such contributions will be held in reserve until the next annual Rotary Peace Fellowship selection process. These restricted contributions will not be subject to the three-year *SHARE* cycle. 13.020.2. Fund Development Plan for Endowed Support

The Trustees have adopted the fund development plan found in the “Supporting Documents” for this Code to raise a cumulative amount of US\$150 million in term and endowed support to cover Rotary Peace Fellowship program expenses by 30 June 2017. The Trustees shall consider providing World Fund support in future budgets to help cover any short-term funding gaps for the Rotary Peace Centers.

Donations of District Designated Funds, either from a single district or multiple districts, may be accepted to establish endowments within the Endowment Fund with the annual spendable earnings to be applied to Rotary Peace Fellowships. Districts may request to transfer District Designated Funds into pooled endowed funds for the support of Rotary Peace Centers.

The program award portion of the spendable earnings for the Rotary Peace Centers endowed fund not used in the Rotary year for which they are budgeted will be rolled over for use in a subsequent year. (*January 2015 Trustees Mtg., Dec. 67*)

13.020.3. Rotary Peace Centers Naming Opportunities

Districts that support future classes of Rotary Peace Fellowships with an annual donation of US\$25,000 or more are recognized with a special “Peacebuilder” designation during the year in which they donate.

Districts can count any and all gifts to the Rotary Peace Centers towards their Peacebuilder status. Districts must self-identify as a Peacebuilder district and shall be recognized as Peacebuilder districts upon their initial contribution of \$25,000. (*January 2016 Trustees Mtg., Dec. 60*)

13.020.6. Pioneer Peacebuilder District

13.030. Recognition

Recognition for Pioneer, Pioneer Peacebuilder, and Peacebuilder Districts can include

- a) visual recognition through signage at the International Assembly, International Convention, and Rotary Institutes
- b) publications/web site
 - 1) permanent listing on the RI Web site
 - 2) *The Rotarian* and *Rotary Leader* listings and features. (*April 2013 Trustees Mtg., Dec. 95*)

13.040. Award Amount

The District Designated Fund option cost is based on the projected average cost of all awards at all universities. No financial ceiling or limit will be placed on the award, however, universities will be asked to provide tuition reductions to reduce the overall costs. Funding provided to Rotary Peace Fellows will be for a maximum of two years and limited to the following categories:

Transportation: Fellows will receive transportation between their home and study cities at the start and end of the fellowship. Because round-trip tickets are only valid for twelve months, Rotary Peace Fellows will probably receive two one-way tickets.

Room and Board: Fellows will receive a monthly stipend for room and board based on the reasonable cost of student living in the study area. The committee recommends that additional funding in hardship cases be considered.

Applied Field Experience: Fellows will be asked to submit proposals for use of summer funds. For example, fellows could propose travel to a research site or an internship. All proposals must have the support of their academic adviser. The Rotary Foundation may not be able to fund the full proposal, but could provide support in appropriate areas.

Educational Expenses (Tuition and fees): Fellows will receive funding for registration, tuition for a normal course load as defined by the institution and other necessary educational expenses for up to two years. Courses with unusual costs, such as field trips, conferences, etc. will be considered on an individual basis. Two years would be the absolute limit for funding. Fellows will be encouraged to return home after their second year of study. Students in one year courses may need options for a second year since involvement by second year students serving as mentors to first year students and participating in seminars is an important part of the program. While funding for upgrades to Ph.D. programs will not be approved, a double masters completed within two years would be acceptable.

Miscellaneous: Fellows would receive a contingency fund to cover books and supplies, other contingencies, ambassadorial costs and unexpected expenses. No allowance would be given for dependents. In addition, thesis expenses are factored into the final cost assumptions. (*January 2015 Trustees Mtg., Dec. 67*)

13.050. Fellow Eligibility and Selection Process

Candidates for the Rotary Peace Fellowship should be experienced professionals and have completed at the time of Rotary club level application a minimum of three years for the master's program and five years for the certificate program combined paid or unpaid full-time work experience in a relevant field as referred to in the program's Statement of Purpose. Candidates for the Rotary Peace Fellowships must have the requisite training, academic background and significant work experience in relevant fields as required by the university partners for a masters

level or certificate program so that the candidates selected will have the ability to make the greatest impact on world peace and conflict resolution during their future careers.

Candidates should be proficient in more than one language and must demonstrate proficiency in the language of the host country. Applicants are required to submit all language and academic exam scores required by the preferred partner universities in order to be considered as part of the world-competitive selection process.

Candidates must be prepared to enroll at a Rotary Peace Center host university located in a country other than their citizenship or permanent residence, with the exception of Japanese citizens interested in enrolling at a Rotary Peace Center in Japan.

All candidates should have a demonstrated interest in peace and international understanding through their personal and community service activities and/or academic and professional achievements.

TRF will select Rotary Peace Fellows from various countries and different cultures, in order to advance knowledge and world understanding among potential future leaders of government, business, education, media and other professions. Potential candidates might include individuals currently employed in the media (for example journalists), or public service capacities (for example foreign ministry, public policy), business, and other professions. 10.030. Conflict of Interest Policy for Program Participants: Award Recipient Eligibility

13.050.1. District Selection Committee

It is recommended that the committee considering Rotary Peace Fellowship applications include the current district governor, the governor-elect, immediate past governor, Rotary Foundation committee chair, the district peace fellowships subcommittee chair, and three Rotarians or non-Rotarians with expertise in the field(s) of peace and conflict resolution and/or education and/or civic or business leadership.

Clubs may endorse as many candidates for consideration by the district committee as they deem qualified. There shall be no limit to the number of Rotary Peace Fellow applications a district may endorse for the annual World Competitive selection process.

A minimum of three years must pass between the completion date of a Rotary Peace Fellowship (certificate program) or Ambassadorial Scholarship, and the date of application for a Rotary Peace Fellowship (master's degree), with the understanding that former Peace Fellows (certificate program) and Ambassadorial Scholars are eligible to apply for the Peace Fellowship (master's program). Rotary Peace Fellow alumni who have completed the master's degree program are eligible to apply to the Rotary Peace Fellowship

professional development certificate program after five years of graduating from the master's program.

A three-year waiting period is required for scholarship recipients under both global grants and district grants prior to applying for the Rotary Peace Fellowship.

The district selection committee is responsible for informing clubs of the availability of the Rotary Peace Fellowship and referring candidates to potential sponsor clubs, as appropriate.

Districts will seek out and must interview all qualified candidates. (*January 2015 Trustees Mtg., Dec. 67*)

13.050.2. World-Competitive Selection Committee

Candidates nominated by a Rotary club and endorsed by the district selection committee after a mandatory district interview will be forwarded to Rotary International World Headquarters for consideration by a selection committee. This selection committee could be comprised of Rotarians, specialists in the field, representatives from the selected universities, or a mixture thereof.

Rotary Peace Fellowships will be awarded on a world-competitive basis to up to 100 top candidates for study at one of the six Rotary Peace Centers. Candidates will be chosen to represent a variety of regions of the world, countries, and cultures when it is feasible and consistent with the objectives of selecting the most qualified candidates for each Center's program. 13.050.3. World-Competitive Selection Process Guidelines

- a. Each master's and certificate application will be read by a minimum of four readers: one reader from the applicant's first university preference and three Rotary readers, including at least one Rotary Peace Centers (RPC) Committee member.
- b. These applications will be provided to the readers prior to the selection committee meeting.
- c. The Rotary readers will evaluate each assigned application using The Rotary Foundation criteria of commitment to peace, leadership qualities, and compatibility of the applicant's objectives with the Rotary Foundation's objectives. The Rotary readers will provide their scores and comments on each applicant to the general secretary by the deadline determined by the general secretary.

- d. In the case of the master's degree applications, the university readers will evaluate the 40 top-scoring applicants for each center (as determined by the Rotary readers scores) using the university's own academic criteria, fit with center, and Rotary scores and comments. Each center will submit its scores and comments to the general secretary and compile a list of its top eight candidates. This list will be shared with the RPC Committee prior to the selection meeting. Members of the RPC Committee will evaluate these candidates and may advocate the selection of top-40 candidates for the remaining two vacancies.
- e. In the case of the certificate applications, after receiving the scores of the Rotary readers the university reader will evaluate all applications on a rolling basis using the university's own academic criteria, fit with center, and Rotary scores and comments. The center will submit its scores and comments to the general secretary and compile a list of its top 20 candidates per session. This list will be shared with the RPC Committee prior to the selection meeting. Members of the RPC Committee will evaluate these candidates and may advocate the selection of candidates for the remaining vacancies in each session.
- f. At the RPC Committee meeting, discussion among Rotarians and university representatives will result in consensus on the final list of up to 100 candidates so that each master's degree program has ten Fellows and four alternates and each certificate session has up to 25 fellows and six alternates.
- g. Each center offering a master's degree may request an additional 20 applications for review (being the next 20 highest scoring applicants based upon the scoring of Rotary readers). Should a university select a candidate from the additional list of 20, it will be required to defend this choice at the RPC Committee meeting, explaining why the quota of ten could not be filled from the initial list of 40.
- h. Centers are encouraged to forward the name of any exceptional, non-selected candidates to the applicant's second university preference so that the second preference university may consider including that applicant on its list.
- i. Once the RPC Committee has finalized the selection, the list of recommended master's degree and certificate finalists will be submitted to the Trustee chairman for final approval. (*April 2017 Trustees Mtg., Dec. 122*)

13.050.4. Applications from Non-Districted Clubs

Non-districted clubs are eligible to submit applications for consideration by the world-competitive selection committee. Candidates should be nominated by a club committee consisting of the current club president, president-elect, immediate past president, club Foundation committee chair if appointed, and three Rotarians or non-Rotarians with expertise in the field(s) of peace and conflict resolution and/or education and/or civic or business leadership. 13.060. Ambassadorial Activities of Rotary Peace Fellows

The recommended ambassadorial activities for Rotary Peace Fellows are as follows:

13.060.1. Activities During the Fellowship

As part of their regular ambassadorial responsibilities, Rotary Peace Fellows will be required to speak to Rotary clubs and other organizations before, during and after their fellowship in their home and study countries.

The ambassadorial obligations of the Rotary Peace Fellows will be broader than responsibilities of other Rotary Foundation Ambassadorial Scholars. In addition to club talks about their host/sponsor countries, Rotary Peace Fellows will be expected to be available to participate in district, zone and international events.

In addition, master's degree fellows will be asked to respond to three evaluation surveys – the first survey due approximately six months after the start of their studies, the second survey upon completion of their applied field experience, and a final survey two months prior to completing their degree. Certificate fellows will complete one survey upon completion of their program.

Rotary Peace Fellows at each institution will participate in annual seminars to share ideas and information. Rotary Peace Fellows may be invited to deliver a paper reporting on the status of their personal research and enter into small group and large group discussions.

Rotary Peace Fellows may be asked to collaborate and participate in the preparation of a document containing their findings as part of the seminar or degree requirements.

Rotary Peace Fellows in their second year will be asked to serve as a mentor to a first year Rotary Peace Fellow.

Applied field experience of Rotary Peace Fellows shall be conducted in a country other than the fellow's country of citizenship, with requests for exceptions to be considered by the Trustee Chairman. (*January 2015 Trustees Mtg., Dec. 67*)

Amended by October 2014 Trustees Mtg., Dec. 20; January 2015 Trustees Mtg., Dec. 67

13.060.2. Activities After the Fellowship

Following the completion of the program, Rotary Peace Fellows may be invited to participate in subsequent seminars.

Rotary Peace Fellow alumni will also be encouraged to participate in district, zone and international Rotary meetings, represent The Rotary Foundation of Rotary International at professional or academic conferences, and, when appropriate, advise on projects at the club and district level.

It is preferred that fellows return home at the completion of their studies; however, it is recognized that because of the international scope of their study fields, their careers may

require them to reside outside of their sponsor district or country. Fellows who do not return home after completion of their studies will be expected to fulfill post-program ambassadorial duties in their country of residence.

Rotary Peace Fellows will be admitted to and work toward an advanced or secondary degree in two years (e.g. masters). It is recognized that some candidates may be offered an opportunity to continue their studies for a Ph.D. (at their own expense), but Rotary Peace Fellows will be required to obtain a master's degree first. 13.070. Responsibilities of Districts

13.070.1. Sponsor Districts

Sponsor districts shall:

- a) Promote the program locally to attract superior candidates.
- b) Appoint and train a Rotarian sponsor counselor for each fellow to carry out counselor responsibilities in accordance with existing policies.
- c) Provide appropriate orientation to ensure that fellows understand the mission of The Rotary Foundation, their sense of belonging to Rotary, and their responsibilities as alumni.
- d) Maintain close contact with the fellow during his or her fellowship period. Publicize the fellow's activities to the district.
- e) Consider developing club and/or district international service projects or Foundation programs around the fellow's experience or research projects.

14.030.2. Audit and Monitoring Guidelines

Large grants require ongoing auditing and monitoring to ensure that any issues concerning mismanagement and misuse of funds are identified and addressed in a timely manner, thereby enhancing the likelihood of project success in reaching the intended beneficiaries. The guidelines that follow explain how these important stewardship tools for auditing and monitoring are employed in TRF’s large grants.

14.030.3. District Leadership’s Role

14.030.3.1. General Guidelines

In every district in which The Rotary Foundation supports a club-sponsored grant project activity the district is ultimately responsible for such activities if the sponsoring club has been terminated or is otherwise unable to take responsibility for the grant.

District leaders play an important role in contributing to effective stewardship of TRF program resources.

The district governor, district governor-elect, and district Rotary Foundation committee (DRFC) chair serves with the members of the stewardship subcommittee in a district stewardship and oversight capacity to promote compliance with Rotary Foundation grants requirements and to ensure that any concerns are immediately reported to The Rotary Foundation.

The district officers encourage the highest levels of stewardship and transparency for the accounting of all Foundation funds. When allegations of malfeasance are reported

to the general secretary, or when there are other queries related to possible or imminent audit activities, the general secretary will ask the district governor to provide more information about those allegations. If the district governor is implicated, the general secretary may ask other district leaders to respond to the allegations. Based on the district leader response(s), the general secretary will determine whether the allegations have merit, and take appropriate action. (*October 2012 Trustees Mtg., Dec. 16*)

An important component of effective stewardship is the preparation and submission of timely and accurate grant reports. Districts and their member Rotary clubs are expected to be consistently 100% current and compliant with reporting requirements.

The general secretary will notify districts of their reporting percentages on a quarterly basis and provide reports on world reporting compliance percentages to the Trustees at their April meeting. If a district is less than 70% compliant and has more than one grant overdue for each quarterly analysis of the same Rotary year, the general secretary will suspend the district and its member clubs from participating in Rotary Foundation grants and will send notice of such to the district leaders who will inform Rotary clubs of the suspension. Such suspension will remain in effect until the district and its member clubs are at least 90% compliant with reporting requirements and all district sponsored grants are compliant with reporting requirements. Foundation-approved global grant scholarships shall be exempt from payment restrictions that are a result of such suspension unless the Stewardship Committee, acting on behalf of the Trustees, makes an exception to this policy. - A gift to the Endowment Fund of US\$150,000 or more from a single donor (individual, couple, family, trust, foundation, or corporation) can be accepted in support of a particular project or activity within any approved program of the Foundation, subject also to reasonable restrictions as to geographical or subject-area focus as requested by the donor and approved by the general manager of The Rotary Foundation in consultation with the program department concerned.
- A named or memorial pooled Endowment Fund gift can be established by a district as a restricted-purpose fund, by agreement with the Foundation in advance of receipt of any gift directed to such a pool, provided that, if its income is to be further designated as to purpose, the pooled fund meets the usual requirements of the program or activity to which its income is designated. Once the required amount of the contribution is met, earnings from the corpus of the endowed fund will be distributed in accordance with the Trustee-approved Endowment Fund spending policy. Earnings will be directed to the specific Foundation program designated by the donor and will not be subject to the 50/50 *SHARE* designation.
- Pooled restricted-purpose Endowment Fund gifts shall not be promoted, but donors who request such arrangements can be accommodated. (*April 2000 Trustees Mtg., Dec. 126*)

21.030. Paul Harris Fellow Recognition

21.040. Other Recognition

21.050. Awards

21.010. Statement of Principles for Contribution Recognition

Contribution recognition of donors' investment in the Foundation's mission and programs should:

- 1) be simple for donors to understand;
- 2) be as simple as possible for The Rotary Foundation to administer;
- 3) recognize donors by cumulative, yearly, major, and will or estate plan provision giving;
- 4) bestow increasing recognition for yearly and extraordinary gifts;
- 5) provide type(s) of individual recognition per gift;
- 6) provide for "wearable" recognition (e.g., lapel pins) which publicly acknowledges donors' investment in The Rotary Foundation;
- 7) facilitate the expression of more personal peer recognition at higher levels;
- 8) encourage repeat gifts;
- 9) promote generous personal giving by all Rotarians;
- 10) encourage large and lasting gift commitments;
- 11) contribute to ongoing donor relationship building and encourage constantly increasing levels of program and financial participation. (*April 2000 Trustees Mtg., Dec. 126*)

Amended by October 1995 Trustees Mtg., Dec. 17

21.020. Major Gifts Recognition

21.020.1. Guidelines for Major Donor and Major Gifts Recognition are as follows:

- 1) Because contributions accumulate, donors may be recognized as they reach each successive level.

- 2) All outright personal contributions including Annual Fund, Endowment Fund, and other restricted gifts to The Rotary Foundation qualify for Major Donor recognition.
- 3) Major Donor recognition is reserved for individuals, couples, non-Rotary affiliated Foundations, and corporations. Contributions from donor spouses are typically combined for Major Donor recognition purposes. A club or district is not eligible for this recognition.
- 4) Recognition for all irrevocable life income gifts, such as charitable gift annuities and charitable remainder trusts, in which the Rotary Foundation is named as a charitable remainder beneficiary will be based on the Foundation's portion of the asset value at time of transfer.
- 5) Recognition for fully paid irrevocable life insurance policies received (owned by and payable to The Rotary Foundation), which are written on the life of an adult donor (over 21 years old), shall be based on the greatest determinable value of such policies (usually the "face value") as long as the minimum cash value is US\$1,000.
- 6) Major Donor and major gifts recognition cannot be extended to someone other than the donor of the contribution.
- 7) The levels established for Major Donor and major gifts recognition are as follows:
 - Level 1: US \$10,000 - \$24,999.99
 - Level 2: US \$25,000 - \$49,999.99
 - Level 3: US \$50,000 - \$99,999.99
 - Level 4: US \$100,000 - \$249,999.99
- 8) A letter of appreciation signed by the president will be included as part of the recognition presentation for new donors. Additional gifts over US\$10,000 from Major Donors will be acknowledged by a letter from the trustee chairman. A TRF acknowledgement certificate and folder shall be provided on request to major donors who make outright gifts of \$10,000 or more but do not qualify them for higher levels of major donor recognition. This recognition will be sent to the district governor for presentation at an appropriate event.
- 9) Major Donors are entitled to pins and pendants with a number of diamond stones corresponding to the level of contribution.
- 10) Major Donors are listed in a publication distributed at the International Convention.

- b) Fully paid irrevocable life insurance policies received, which are written on the life of an individual under age 21 and which have a minimum cash value of US\$1,000, shall be eligible for “Benefactor” recognition.

21.040.6. Endowment Fund Gift Principal and/or Income

21.040.6.1. Individuals

Unrestricted and restricted gifts to the Endowment Fund create eligibility for recognition available to individuals as follows:

- a) The donor is recognized as a Benefactor if the gift is in the form of a bequest, life insurance policy, life income gift, or other estate plan, and is not directed to any other fund; or if the gift is outright to the Endowment Fund and valued at US\$1,000 or more.
- b) The principal (as valued at the time of the Endowment Fund gift) of any size is included in lifetime giving when determining a donor's eligibility for major gifts recognition.
- c) Earnings from Endowment Fund gifts are not eligible for use in extending Paul Harris Fellow or Rotary Foundation Sustaining Member recognition.
- d) Earnings are tracked and credited individually in the case of Endowment Fund accounts established at a value of US\$25,000 or more.

- e) Earnings of unrestricted Endowment Fund units of less than US\$25,000 are credited to pooled district Endowment Fund accounts and not apportioned further among individual donors or their clubs.
- f) Earnings of Endowment Fund units of less than US\$25,000 restricted to specific programs are credited to pooled accounts restricted to those programs and not apportioned further among individual donors, clubs, or districts.

The computed charitable deductions for irrevocable life income transfers are the gift values to be used in any calculation of an individual's total all-time gifts to the Foundation.

The value at the time of the gift, rather than the face value, of a life insurance policy should be used in recognizing an individual's eligibility for major gifts recognition, as well as in totaling a club's historical giving and in computing a club's total giving and per-capita giving for the current year. - b) The earnings on an Endowment Fund gift named for or by a donor no longer living (which by definition is also a fund of US\$25,000 or more), either restricted or unrestricted as to purpose, are reported annually to the appropriate club president. (*April 2000 Trustees Mtg., Dec. 126*)

Source: April 1991 Trustees Mtg., Dec. 107

21.040.6.3. Districts

Unrestricted and restricted Endowment Fund gifts create eligibility for recognition and related credit available to districts as follows:

- a) The district may receive a special certificate, signed by the chairman and presented to the governor, expressing the Trustees' appreciation of that district's exemplary support for the Endowment Fund, if the district qualifies by reporting that a specified number of Benefactors have been identified or by other noteworthy accomplishments as determined by the chairman of the Trustees.

- b) In the event that districts are accorded recognition for total contributions raised in a given year or over a period of time, the principal of Endowment Fund gifts used in determining total gifts from each club will be included in the district totals.
- c) The earnings from all Endowment Fund units of less than US\$25,000 each, if not further designated as to purpose, will pool at the district level.
- d) The earnings from all Endowment Fund accounts established as the result of Endowment Fund gifts not restricted to support of a particular program or project are treated in the same manner as current general giving for purposes of the *SHARE* system. (*April 2000 Trustees Mtg., Dec. 126*)

22.030.2. Annual Fund

A donor who makes a general gift does not specify a use for the funds

- a. At the close of each fiscal year, general giving will be totaled by district
- b. The general giving totals for each district will be divided into two categories, indicating the actual fund into which they will be placed: the District Designated Fund (50%) and the World Fund (50%)

- c. Each district will have a District Designated Fund “account” consisting of the balance of funds available for their designation. Each time a program option is selected by the district, the corresponding required funds will be earmarked for that use and later debited from the “account”
- d. Gifts to the World Fund also may be made directly. A gift by a donor in any amount may be designated 100% for the World Fund

Each fund will generate investment earnings (interest, dividends, and realized/unrealized capital gains/losses). These investment earnings will be recorded in a separate account called the “Earned Income Fund”

Together, the District Designated Fund, the World Fund, and the Earned Income Fund will constitute the General Funds of TRF. (*January 2002 Trustees Mtg., Dec. 78*)

22.030.3. Restricted Giving

Restricted Giving will be all those gifts for which special uses have been identified by the donor.

- Gifts to the Endowment Fund will be credited to that fund
- Receipts to Polio Plus will be credited to that fund
- Gifts for approved special grants will be temporarily credited to the Special Use Fund until disbursed
- Gifts for named, but not endowed, scholarships will be credited to the Special Use Fund
- A gift over US\$25,000 from a single donor who has specified a special use will be credited to the Special Use Fund and earmarked for that use
- Gifts under US\$25,000 or pooled gifts with a special use identified will be credited to the World Fund
- A gift by a donor in any amount may be designated 100% for the World Fund. (*April 2000 Trustees Mtg., Dec. 126*)

22.050. District Designated Funds Utilization by Collaborating Districts

Districts with local projects which seek to trade or swap district designated funds which are then utilized in a global grant are not meeting the Trustee standard which states: *Projects funded by The Rotary Foundation must involve the active and personal participation of Rotarians. Rotarians from both countries must actively participate in the project.*

It is inappropriate and unacceptable for districts to trade or swap DDF as sponsor contributions for global grants with the purpose of simply securing funding for local projects. (*October 2012 Trustees Mtg., Dec. 16*)

24.010. Purpose

The purpose of the Funding Model Policy is to recognize the importance of adequate resources to pay for the Foundation's Operating Expenses and to identify the most appropriate process for obtaining those resources. (*October 2013 Trustees Mtg., Dec. 47*)

Source: October 2013 Trustees Mtg., Dec. 47

24.020. Definitions

Funding Model Earnings include Annual Fund investment earnings, Endowment Fund Spendable Earnings allocated to Operating Expenses, up to ten percent of contributions received from corporations, and other Earned Income transfers. Effective 1 July 2015, Funding Model Earnings also include five percent of Annual Fund contributions and five percent of Grant contributions.

Annual Fund investment earnings include dividends, interest, realized and unrealized gains and currency gains, less investment fees, bank fees, realized and unrealized losses and currency losses, recorded in the Annual Fund's Earned Income balance.

Grant contributions are funds received from Rotarians or other sources that are not invested for three years, but are used in support of a Rotary Global Grant.

Earned Income balance is the accumulation of Funding Model Earnings less Operating Expenses.

Operating Expenses are the Foundation's fund development and general administration expenses, excluding all PolioPlus activity. (*October 2013 Trustees Mtg., Dec. 47*)

Source: October 2013 Trustees Mtg., Dec. 47

24.030. Goals

Resources to support Operating Expenses should not be reliant on any single source.

The sources of Funding Model Earnings should be easily communicated to Rotarians and simple to administer, should not include contributions to programs that are already paying fees to other service providers or providing a source of funds used to pay Operating Expenses, and should not deter giving. Source: October 2013 Trustees Mtg., Dec. 49

25.020. Definitions

The Operating Reserve Fund ("Reserve") is defined as the designated fund set aside by action of the Board of Trustees.

Operating Expenses are the Foundation's fund development and general administration expenses, excluding all PolioPlus activity.

Funding Model Earnings include Annual Fund investment earnings, Endowment Fund Spendable Earnings allocated to Operating Expenses, up to ten percent of contributions received from corporations, and other Earned Income transfers. The definition of Funding Model earnings will be updated to include any future sources of earnings approved by the Trustees as of the effective date of their inclusion.

The Earned Income balance is the accumulation of Funding Model Earnings less Operating Expenses.

World Fund Surplus is the amount, at the end of each fiscal year, above the sum of 50% of the current and prior two years' worth of contributions to the Annual Fund SHARE. *(April 2014 Trustees Mtg., Dec. 119)*

Source: October 2013 Trustees Mtg., Dec. 49
Amended by April 2014 Trustees Mtg., Dec. 119

25.030. Goals

The minimum Reserve balance at the beginning of each fiscal year must be the budgeted Operating Expenses for that fiscal year.

The maximum Reserve balance at the beginning of each fiscal year is 3.0 times the current year budget for Operating Expenses. (*April 2014 Trustees Mtg., Dec. 119*)

25.040 Accounting for and Investment of Reserve

The Reserve will be recorded in the financial records as a Trustee-designated Operating Reserve Fund. The Reserve will be maintained in a separately managed investment account and invested in accordance with the investment policy statement for the Annual Fund. (*October 2013 Trustees Mtg., Dec. 49*)

Source: October 2013 Trustees Mtg., Dec. 49

25.050 Funding of Reserve

Annual Fund investments will be sold and reinvested in the Reserve investment portfolio when the Annual Fund's Earned Income balance is positive at 30 June of any fiscal year, provided that the World Fund balance equals the sum of 50% of the current year and prior two years of contributions to the Annual Fund SHARE. An amount of funds equal to the Earned Income balance will be transferred from the Annual Fund's investment portfolio to the Reserve's investment portfolio.

In the event the Reserve's balance is below the minimum balance at the end of the fiscal year, an amount from the World Fund will be transferred to the Reserve sufficient to bring the Reserve balance to minimum.

World Fund Surpluses, net of the Earned Income balance, in excess of \$5 million at the end of each fiscal year will be transferred to the Reserve investment portfolio until the Reserve reaches its maximum. Once the maximum Reserve level is reached, World Fund Surpluses in excess of \$5 million will be transferred to the Endowment Fund. (*April 2014 Trustees Mtg., Dec. 119*)

Source: October 2013 Trustees Mtg., Dec. 49
Amended by April 2014 Trustees Mtg., Dec. 119

25.060 Use of Reserve

When current year Funding Model Earnings are insufficient to pay for Operating Expenses, an amount equal to total Operating Expenses charged to Earned Income which are not covered by Funding Model Earnings will be transferred from the Reserve to the Annual Fund. This transfer will occur after any required World Fund transfers have been made in accordance with this policy.

If the Reserve is above its maximum balance at the end of a fiscal year, the funds in excess of the maximum balance will be transferred to the World Fund in an amount sufficient to bring the World Fund balance, net of any negative Earned Income balance, to \$5 million plus the sum of 50% of current year contributions and contributions from the prior two years to the Annual Fund SHARE. If there are additional funds in excess of the maximum following the transfer to the World Fund, the remaining excess funds will be transferred to the Endowment Fund. Any other use of Reserve assets is not permitted. (*April 2014 Trustees Mtg., Dec. 119*)

- Undesignated Assets which represent all other unrestricted assets, including assets available for the *SHARE* program, general program designation and operating reserves. (*April 2000 Trustees Mtg., Dec. 126*)
